

Program of the 2nd Annual European DDI Users Group Meeting

DDI - The Basis of Managing the Data Life Cycle

December 8-9, SURFfoundation, Utrecht, The Netherlands

Final Program as of 4. December 2010

Monday December 6, 2010

9:00 - 17:00	Special Meetings Location: SURF 5b / SURF 2 Chair: Jeremy Iverson
	DDI Developers Workshop

Tuesday December 7, 2010

9:00 - 17:00	Special Meetings Location: SURF 1 / SURF 2 Chair: Jeremy Iverson
	DDI Developers Workshop

Wednesday December 8, 2010

8:15	Starting Registration		
9:00 - 12:30	Concurrent Sessions		
	Concurrent W1 Location: SURF 1 Chair: Laurents Sesink	Concurrent W2 Location: SURF 5a Chair: Joachim Wackerow	Concurrent W3 Location: SURF 3 Chair: Jeremy Iverson
	Course on DDI 3: Putting DDI to Work for You Wendy Thomas (MPC - Minnesota Population Center)	Introduction to the Statistical Data and Metadata Exchange (SDMX) Standard Arofan Gregory (ODaF - Open Data Foundation)	DDI Developers Workshop
12:30 - 14:00	Lunch		
14:00 - 15:30	Plenary 1: Welcome and Keynote Location: SURF 5ab Chair: Rob Grim		
	Welcome Program Committee: Nikos Askitas, Eric Balster, John Doove, Rob Grim, Laurents Sesink, Joachim Wackerow (chair)		
	Challenges for Data Intensive Research Peter Wittenburg (Max Planck Institute for Psycholinguistics, Nijmegen)		
15:30 - 16:00	Break		
16:00 - 17:30	Concurrent Sessions		
	Concurrent A1: Searching and Locating Location: SURF 5a Chair: Tito Castillo	Concurrent A2: Project Updates Location: SURF 5b Chair: Nikos Askitas	
	DataCite: Making Data Citable Wolfgang Zenk-Möltgen, Brigitte Hausstein (both GESIS - Leibniz Institute for the Social Sciences), Jan Brase (TIB - German National Library of Science and Technology)	Keeping up with Questasy Alerk Amin (CentERdata - Institute for Data Collection and Research)	
	If you build it, they will come: the case for creating DDI 3 metadata and the advanced search and discovery tools that will follow William Block (CISER - Cornell Institute for Social and Economic Research)	Data Service Center for Business and Organizational Data – Specifics concerning DDI dealing with organizational data Christian Gerhards (Bielefeld University, Faculty of Sociology)	
	DDI at the Swedish National Data Service Johan Fihn, Olof Olsson, Iris Alfredsson, Hans Jørgen Marker (all SND - Swedish National Data Service)		
17:30 - 18:30	Reception		
19:00	Dinner for invited guests		
22:00	After-dinner get-together at King Arthur		

Program of the 2nd Annual European DDI Users Group Meeting

DDI - The Basis of Managing the Data Life Cycle

December 8-9, SURFfoundation, Utrecht, The Netherlands

Final Program as of 4. December 2010

Thursday December 9, 2010

9:00 - 10:15	Plenary 2: Metadata in the Data Production Process	
	Location: SURF 5ab Chair: Hans Jørgen Marker	
	Metadata Driven Survey Design Jeremy Iverson (Algenta Technologies)	
	Exploring the relationship between DDI, SDMX and the Generic Statistical Business Process Model Steven Vale (UNECE - United Nations Economic Commission for Europe)	
10:15 - 10:45	Break	
10:45 - 12:15	Concurrent Sessions	
	Concurrent B1: DDI Software Location: SURF 5a Chair: Wolfgang Zenk-Möltgen	Concurrent B2: Reports and Updates on DDI activities Location: SURF 5b Chair: William Block
	DDI + API: building services on top of your existing DDI holdings Ørnulf Risnes (Nesstar)	Controlled vocabularies for DDI and other metadata structures - an update Meinhard Moschner (GESIS - Leibniz Institute for the Social Sciences), Taina Jääsekläinen (FSD - Finnish Social Science Data Archive), Joachim Wackerow (GESIS - Leibniz Institute for the Social Sciences)
	A query-based access system using DDI and SDMX Don McIntosh (STR - Space-Time Research) / presented by Arofan Gregory	Locating objects identified by DDI3 Uniform Resource Names Joachim Wackerow (GESIS - Leibniz Institute for the Social Sciences)
	Colectica: A Platform for DDI 3-based Metadata Management Dan Smith (Algenta Technologies)	Progress from the DDI Working Group on Qualitative Data Louise Corti (UK Data Archive, University of Essex)
		Development of the next DDI Tools Catalog Stefan Kramer (CISER - Cornell Institute for Social and Economic Research)
12:15 - 13:45	Lunch	
13:45 - 15:00	Concurrent Sessions	
	Concurrent C1: From DDI 2 to DDI 3 Location: SURF 5a Chair: John Doove	Concurrent C2: Data Collection Location: SURF 5b Chair: Alerk Amin
	The use of DDI tools and standards in epidemiology & public health research Tito Castillo (Institute of Child Health, University College London)	Putting DDI in the drivers seat: Using Metadata to control data capture Samuel Spencer (ABS - Australian Bureau of Statistics)
	The STARDAT Project: Integrating DDI Tools at the GESIS Data Archive Monika Linne, Alexander Mühlbauer, and Wolfgang Zenk-Möltgen (all GESIS - Leibniz Institute for the Social Sciences)	Converting general Microsoft Word questionnaires to DDI Nadine Dulisch (GESIS - Leibniz Institute for the Social Sciences)
15:00 - 15:30	Break	
15:30 - 17:00	Plenary 3: Current Status and Recent Events	
	Location: SURF 5ab Chair: Eric Balster	
	Report on Dagstuhl Workshop on Managing Metadata for Longitudinal Data - Best Practices William Block and Stefan Kramer (both Cornell Institute for Social and Economic Research)	
	Report on Developers Workshop Jeremy Iverson (Algenta Technologies)	
	DDI Specification: Current Status and Outlook Wendy Thomas, Arofan Gregory, and Joachim Wackerow (all Technical Implementation Committee, DDI Alliance)	
	Ask the Experts Arofan Gregory, Wendy Thomas, and Joachim Wackerow (all Technical Implementation Committee, DDI Alliance)	
	Goodbye Nikos Askitas and Joachim Wackerow (EDDI core team)
